

Collégien, January 27th, 2020

To whom it may concern,

PSA – Produits Sanitaires Aéronefs, located 1, rue de Lamirault – 77090 Collégien – France thereby declares that:

The product **KI-OSE** (in its various formats 325/323/321/322/320/327/390/3-en1 & Tubax) is effective against lipophilic viruses, such as Coronavirus.

The product has been tested against the Virucidal Effectiveness European Standard EN14476 against Influenza A (H1N1), a surrogated* virus for lipophilic viruses.

* In the context of environmental microbiology and health risk assessment, there are defined surrogates as organisms, particles, or substances used to study the fate of a pathogen in a specific environment.
