Single Use Dispensing System

Chicopee® Keeping it Clean.

S.U.D.S. allows you to create an impregnated wipe to exactly fit your needs. With a choice of three unique wipes available, you simply add your own chemical to the dispenser bucket and wiper roll to instantly create a cost effective high performing wet wipe.

# S.U.D.S

Designed to deliver a tailor made cleaning solution

## Features & Benefits

S.U.D.S. provides you the right wipe for the right use, ensuring your job is made even easier. You can often utilise your existing chemical dispensing system to make filling the dispenser even easier. The roll of wipes will instantly absorb the liquid, so your single-use wipes are ready to go in seconds.

- **Chicopee quality:** effectiveness you can trust
- **Flexible and tailor-made:** fits your specific cleaning needs
- **Delivered dry:** add your own chemicals to fit your task
- **Cost-effective:** less expensive than pre-saturated wet wipes

## Re-filling Instructions

1. Release tab and remove lid.
2. Insert dry roll of wipes into the dispenser system.
3. Slowly pour chemical solution over the top of the roll. Use the recommended dosage provided by your chemical supplier.
4. Thread the end of the towel from the center of the roll through the opening in the lid. Snap the lid on.
