

Technical Data Sheet – IPS SatWipes® with Ethanol/IPA

Product Description

IPS SatWipes with Ethanol/IPA (Ethanol 70) is an impregnated wipe with Ethanol and IPA alcohol used for surface disinfection of e.g. equipment, surfaces, instruments and tools.

The actual wipe is a white Sontara® style named 9960 which has Food Contact Clearance and is a nonwoven made from wood pulp and polyester by the DuPont™ hydroentanglement process, hence no binders, strong and no linting.

Style	Size (mm)	Packaging	Wipes / Pack	Packs / Carton	Cartons / Pallet	Product number
Sontara 9960	244 x 300	Z-fold, X-fold	35	15	30	7027HA

Uses

IPS SatWipes with Ethanol/IPA (Ethanol 70) is a disposable wipe for disinfection processes and disinfection of surfaces.

Rinse with water is not necessary after using the IPS SatWipes with Ethanol/IPA (Ethanol 70). The disinfectant completely evaporates from the surface after a few minutes.

Technical Characteristics

9960	
Type of wipe:	Sontara Nonwoven
Wipe fabric:	Wood pulp / PET
Colour:	White
Weight:	56 gr/m ²
Chemistry:	Ethanol / IPA blend (Ethanol 70)
Aerospace certified:	No
Food Contact Clearance	Yes

Benefits of pre-saturated wipes

The system of pre-saturated wipes provides economic, environmental and safety advantages for users compared to the method of using loose solvent with cloths. It helps to:

- Standardize cleaning and preparation operations
- Improve quality and production line performance
- Lower the quantity of products used
- Reduce waste; for the same surface, the volume of wipes used is 5 to 10 times less than the volume of traditional cloths
- Reduce VOCs (Volatile Organic Compounds) by 65% to 100% as targeted by the European Legislation
- Improves user safety.
 - Drastically reduces the quantity of solvent released in the atmosphere
 - No risk of accidental spillage of drums full of flammable liquids (fire hazard)
 - Pre-saturated wipes are easy to use, handle and store compared to cloths and solvent drums

Precautions for use and storage

Please read the safety data sheet of IPS SatWipes® with Ethanol/IPA (Ethanol 70).
