

# Soft & safe new generation hand soap

**ALIZÉ™ latest-generation foaming hand soap**, specifically formulated focusing on key safety and environmental aspects, brings unrivalled freshness and softness to your passengers, and the best formula and packaging to the environment.

**NEW: ALIZÉ™ is the first Safe Aircraft Foaming Hand Soap to also feature calculated and offset carbon footprint for CO2 Neutral Products !**

Leaves hands feeling soft and smooth, without dehydrating the skin.

Free from molecules with allergenicity, carcinogenic & endocrine-disruption effects.

Allows for less water consumption and storage compared to liquid soap.

Available with unique efficient integrated Air Fresheners systems.

Manufactured across multiple locations worldwide.

Biodegradable formulation.  
100% post-consumer recycled RPET bottle.

Calculated Carbon Footprint  
Carbon Offset for  
CO2 Neutral Products.
