

Offering greater protection for aircraft crew

COMPLETE SOLUTION FOR ANTI-VECTORIAL PERSONAL PROTECTION

Vector-borne diseases such as Yellow Fever, Zika, Malaria, Chikungunya and Leishmaniasis, are killing over 1 million people every year, with just 1 bite. With mosquito bites occurring at day as at dawn, sunset and night, and with 40% of the bites being through clothing, **SKIN2P[®] Body** and **SCREEN2P[®] Wear** insect repellents provide the ideal long-lasting complete protection to keep your personal and crew safe.

NEW: Skin2P Body and Screen2P Wear, first water-based repellents for Skin and Clothes to feature calculated and offset carbon footprint for CO2 Neutral Products!

Dermatologically tested on sensitive skin.

SKIN2P[®] Body Icaridin exclusive formulation. Not sticky. Doesn't damage plastics.

Using SKIN2P[®] Body keeps your flight crew safe for longer.

SCREEN2P[®] Wear prevents mosquito bites through clothing

SCREEN2P[®] Wear treatment last up to 5 wash cycles.

Manufactured across multiple locations worldwide.
